Hi!

Connect your club to the Discsport Club Member Discount and offer your members up to 1.50 € for every disc purchased at discsport.eu.

All you need to do is inform about the discount on your website / home course and choose a person ("club admin") who will get access to our club pages where members can get registered. The discount will automatically be deduced during checkout (matching is done by email).

The discount applies throughout current year (year 1) and the following year (year 2). If you do not reach 25 members and 50 orders in year 2 the discount moves back to silver level in year 3.
